

Dr Lakra Colouring Sheet

Dr Lakra creates drawings and paintings; He has made all the text and image work for the festival.

His work combines and mixes things that do not usually go together, like this image below, Lakra has combined the city and an organ.

Colour in the Liverpool city skyline and the intestine sitting on the Waterfront. Add in your own drawings of what the city could be eating or digesting?

Create your own combination of things that do not usually go together, add them in to the space below.

Take a picture of your drawing and tag us with #Lb2021
